## EXPERIENCE

**JANUARY 2019 – PRESENT**

**SYSTEMS ENGINEER, TCS – MUMBAI, INDIA**

I have been part of a BFSI team for the last 2.5+ years developing and delivering key milestones for the BFSI Website.

With keenness to domain understanding, worked closely with Business Analysts and product owners to capture the requirements in JIRA. Developed and maintained deliverables with the Offshore and Onshore developers within a specific time box. Worked closely with the QA team to identify and fix defects if any arise.

### **Key Responsibilities-**

1. Understanding the requirements and developing the features.
2. Maintaining and enhancing the previously developed solutions.
3. Mitigating/fixing bugs, issues and QC's.
4. Participating in the scrum ceremonies.
5. Reviewing and demoing the completed artifacts with onshore counterparts.

### **Technical Skills-**

ASP.net, MVC, CSS, Bootstrap, C#, JavaScript, ReactJS, jQuery, Handlebars, NodeJS, REST API, ADA, AJAX, Visual Studio Professional, Visual Studio Code, HP MLQC, JIRA, Bitbucket, GIT & TFS.
